SPEAKIN LEADERSHIP CONCLAVE & AWARDS

POST EVENT REPORT 2019

14TH JANUARY 2019, NEW DELHI

2019 SPEAKIN LEADERSHIP CONCLAVE AND AWARDS

PRESENTATION

As India's largest network of experts, **SpeakIn** and one of the fastest growing networks of speakers, *Global Association of Business Speakers*, we understand the effort that goes behind every leader and expression of leadership in various roles. In January, we celebrated the 2019 SpeakIn Leadership Conclave. To further celebrate SpeakIn's journey and that of its speakers and leading experts the conclave was accompanied with a felicitation ceremony to bring out the best of orators this country has seen.

SpeakIn is India's first and largest platform for thought leaders and subject matter experts with over 15,000 experts. SpeakIn works with corporate organisations, academic institutions and individual leaders to access verified and customized insights through one-on-one discussions or forum based knowledge sessions.

Having made exceptional progress since 2016, we took a small pause and listened to these leaders share their stories of success and challenges and appreciate and honour the men and women who give us the motivation we seek as individuals and organisations.

Join us in March 2020 again to celebrate the third edition of the "Shades of Leadership".
